QuickFi By INNOVATION FINANCE

Pointe Alarm

1 Download the QuickFi App

Download the QuickFi app from the App Store or the Google Play store on your mobile device.

*TIP: After downloading QuickFi to your smartphone, you will be prompted to choose whether or not QuickFi may access your location. Tap either **Allow While Using the App** or **Allow**.

Permitting QuickFi to access your location allows us to provide you with the best user experience possible and the highest quality security features for your account.

2 Simple Onboarding

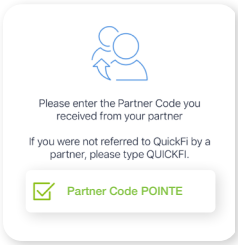
Create a QuickFi account using your business email.

You will be prompted to verify your account securely with two factor authentication via text message, and email.

Look up your company in the QuickFi app, and score based on your business or business & personal credit (personal guarantee).

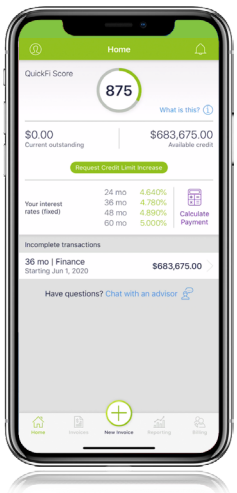
*TIP: If your business does not score immediately, our experts may need additional financial information. Submitt information directly through the app by direct document submission with your camera, email, or file upload.

You will then be prompted to do a license scan and biometric scan to verify your identity, to protect your business.



3 Enter Partner Code POINTE

During the onboard process, you'll be prompted to enter in a partner referral code. Enter in the appropriate code to proceed.



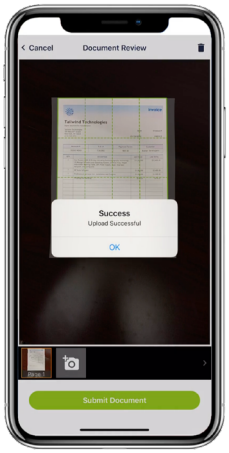
4 QuickFi Home Screen

Once onboarded, you will proceed to the QuickFi home screen where you can see all of your business information in one, easy-to-use dashboard.

See your total available credit, your current outstanding balance, your fixed interest rates, and any pending transactions that you need to complete.

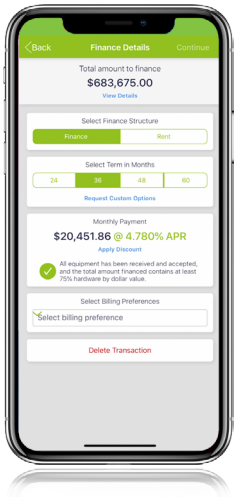
Use the payment calculator to price and plan out any deals you have pending, and save and export that information to share with your team.

Need help? QuickFi is available 24/7 with in app chat support or by calling (585) 207-0100



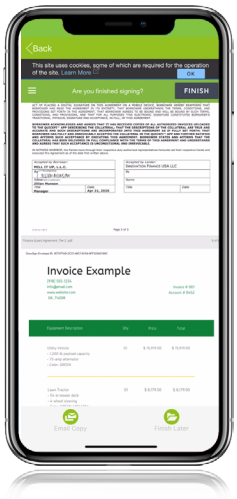
5 Upload Equipment Invoice

Upload the equipment invoice directly through the app with your camera, direct file upload, or email.



6 Choose Your Term and Structure

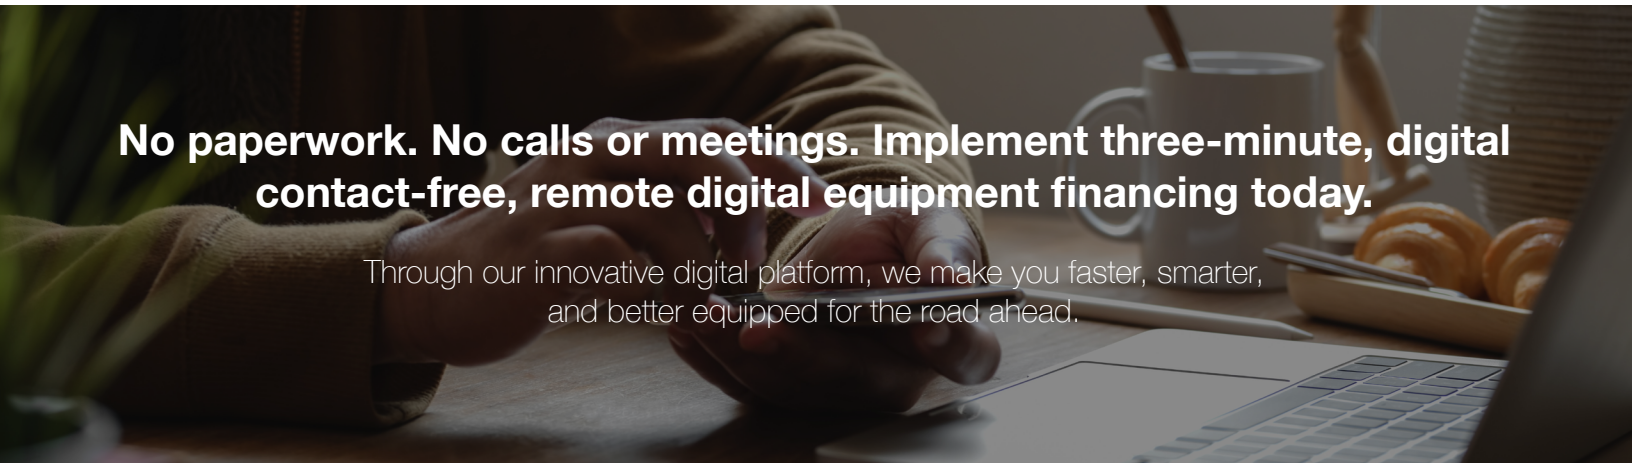
Once the invoice is uploaded, choose the structure (finance or rent) and choose a term length (24-60 months) for the transaction. View the fixed loan interest rate and the monthly payment before making any commitment to proceed. There are never any fees, hidden costs, or deposits required.



7 Sign with One Digital Signature

Securely complete the transaction in QuickFi with only ONE single digital signature. Most vendors are paid the next business day.

Your equipment vendor / dealer is funded the next business day.



No paperwork. No calls or meetings. Implement three-minute, digital contact-free, remote digital equipment financing today.

Through our innovative digital platform, we make you faster, smarter, and better equipped for the road ahead.

Download the app and see your rates today!

There is no obligation or cost to view your company's available credit line and interest rate.
